Japanese Version of this website, "Human Science Integration Seminar" has opened.

The abstracts for each seminar correspond with each version.

These are good materials for studying both in English and Japanese.

The symposium on Science Integration Program is held on April 17 for freshmen and sophomores of the University of Tokyo.

Japanese version of "Human Science Integration Seminar" was developed for introducing in this symposium.

You can move to the website from the right button in the top menu or just click on the following link.
